**“Right to Cure” and CAUTIONARY STATEMENT TO OWNERS
OBTAINING UDC BUILDING PERMITS**

2005 Wisconsin Act 201, the “Right to Cure Law,” says that consumers at the time of contracting for construction or remodeling work for dwellings must be provided with this brochure describing requirements for making any future claims of construction defects.

The “Right to Cure Law” also provides timetables and steps to help solve disputes and misunderstandings between consumers and contractors related to residential construction and remodeling, before going to court or arbitration.

People who feel they have a claim concerning defective workmanship or materials need to provide written notice to contractors or suppliers before any legal action may be filed.

The contractors and suppliers have the opportunity and the responsibility to respond to claims. This brochure highlights some of the provisions of the “Right to Cure” Law, and is not a complete description of the law, and is not a substitute for legal representation. *Brochure available at: <http://commerce.wi.gov/SBdocs/SB-UdcRightCureBrochureV4.pdf>*
